FAITH BEYOND 'THE GOOD BOOK'

DR. CREFLO, 46, AND TAFFI DOLLAR, 44

He is the founder of World Changers Ministries of College Park, Ga. She is executive director of the ministry, CEO of Arrow Records, the ministry's recording company, and mother of the couple's five children. **How they met:** They met at West Georgia College in the early 1980s when she attended a Bible class he taught at college. **Marital status:** They have been married since 1985. **She says:** "We keep God first and each other second." **He says:** "She's the balance in my life," he says. "She's not only the balance, but a lot of times when there are strong decisions that need to be made, when she and I get together, it really helps us to get the mind of God on certain things. Besides her being the love of my life, the balance of my life, the friend in my life, I don't want to live without her."

—Joy T. Bennett
